Dear Mr. Gibson:

The Girl Scouts, Tarheel Triad Council, Inc. would like to speak in favor of the futher expansion and development of the Haw River State Park. Promoting leadership, citizenship and environmental stewardship have been a part of the mission of Girl Scouting for over 95 years. Currently there are over 100,000 Girl Scouts and adult volunteers in North Carolina. The location of the Haw River State Park is ideal for outdoor education and recreational program activities for Girl Scouts from throughout the state. We urge you to protect this open space for our girls and for all of the citizens of Guilford and surrounding counties.

Respectfully,

Marci L. Brown, CEO
